FAQs

How do we learn what this program is all about?

At the training session you will learn more about the Get Ready program and what is expected of you as an instructor working as a partner with the City of San Rafael. We'll take you through the training so you'll know how to present and which are the hot topics that come up. The training is FREE.

How much time is involved if I become an instructor?

We set up the trainings and handle all of the logistics; we just need your help with presenting the material. If you really like teaching, then you may volunteer to teach several classes. The trainings are from 1-2 hours long and can be scheduled during the day or evening.
